

**Deepak** is Country Director of iDE in Bangladesh, leading one of iDE's largest and most innovative programs in the areas of agriculture, WASH, and access to finance, with a focus on gender equality, food security and nutrition, and climate resilience. Prior to joining iDE, he worked in Nepal as the co-founder and CEO of Samriddha Pahad, a not-for-profit organization focused on increasing access to financial services in rural and remote mountains. He has also led initiatives in public health and social marketing with PSI, and livelihoods engagement in post-conflict and emergency affected markets through Practical Action. He has an MBA in Marketing from Kathmandu University, School of Management.
